

## County of Rains

*Office of*

*Joe Parker*

**Emergency Management Coordinator  
Environmental Enforcement  
Floodplain Administrator**

### **Statewide Emergency Alert Test – April 2**

Texas will conduct a statewide test of emergency alert systems on April 2 between 10:00 AM and 12:30 PM.

You may receive a test alert on your home, cell phone and/or Text message or hear outdoor warning sirens depending on the systems used by your local jurisdiction and/or the jurisdiction you are in at the time of the test. Rains County will activate its emergency notification system/activate a WEA alert to cellphones through our emergency notification system during this time.

Because multiple jurisdictions may participate, you could receive more than one test alert during the testing window.

**This is only a test. No emergency action is required.**

Testing helps ensure emergency alerts work when they are needed most.

**IF you did not receive the test message please sign up for local alerts at:**
